A highly regarded Energy and Utilities Group

- Our International Energy and Utilities Group has over 70 lawyers across 15 jurisdictions.
- We act for a large number of companies, funds, financial institutions and governments, involved in the energy and utilities sector.
- We provide legal advice around electricity generation, energy trading, electricity transmission and gas transportation, electricity and gas distribution and supply, water and sewerage, renewable energy, cleantech and climate change, and upstream oil and gas.
- Areas of focus include – cleantech and renewables, oil and gas, utilities and heavy energy consumers.
- We provide a wide range of legal advice to the sector including; corporate, IP, commercial, finance, dispute resolution, regulatory, competition, employment, real estate and construction.

"Responsive, hard working and thorough."

Chambers Global 2009

"The way the tech market has moved, you need the scale and the quality these days. Bird & Bird has that."

Chambers and Partners 2008

"The group is also noted for its skill in procurement, and has been busy advising contractors and employers on the development of sizeable energy and utilities projects (in the Middle East)."

Chambers and Partners 2009

"The practice has been involved in a number of developments in the energy sector including the unbundling and restructuring of Dutch energy companies."

The Legal 500 EMEA 2008
